

2019 SUMMER INSTITUTE EDUCATION FOR SUSTAINABILITY

**PROFESSIONAL LEARNING
FOR K-12 EDUCATORS
ALL SUBJECT AREAS**

**July 15-18, 2019
Manhattanville College, Purchase, NY**

***Incorporating Inquiry,
Place and Action for
Sustainable Schools***

"The Summer Institute was invigorating! It helped me re-frame my instructional practices through the lens of sustainability. The interconnections between social justice, equity and sustainability principles are now at the forefront of child-centered learning in and out of my classroom. CELf's place-based learning approach enhanced my ability to incorporate nature and real world experiences into standards-aligned curriculum. It was a transformative week!"
